Please send all new announcements to Brian or Adam by Saturday evening.

SICK & SHUT-IN:

- **Geny Harrison** continues to struggle with intense back pain. The medicines she has been prescribed have not been effective at staving off the pain. Pray that she may soon find relief from her pain.

TRAVELING:

- Elise Boutcher is in Texas and should be back later this week.

SPECIAL ANNOUNCEMENTS:

- We rejoice that **Kyle and Roxie Story** are new parents! After 36 hours of difficult labor, **Harper Rose** was safely and naturally delivered yesterday! 7 lbs 3 oz with a head full of black hair.
- **Deeane Quist's father Roger** (goes by "Dee") found out from a CT scan yesterday that he has two masses on his throat. The doctors are 90% sure it's cancerous, but he's going in today to have further tests to make sure. He has been a faithful preacher of the gospel for many years, and the family is greatly saddened by this situation. Deeane and her father are requesting our prayers.
- Last Sunday, **Tegan Thigpen's sister Janel and her friend Brielle Asuncion** (whose parents attend Bumby) were T-boned pulling into the parking lot of the University church of Christ. Her sister Janel suffered a cracked rib and a lot of bruising, and her friend Brielle suffered a broken hip, a broken collarbone, broken ribs and a collapsed lung. She had successful surgery – 3 screws put in her pelvis. 12 weeks of rehab.
